

Social Security Bill Signed Into a Law

WASHINGTON (AP)—President Kennedy today signed "with great pleasure" legislation increasing Social Security benefits for about 4.42 million Americans and permitting them to draw their benefits at the age of 62.

In signing the bill, Kennedy said the new amendments will make the Social Security System "a more effective instrument for the well-being of our people."

Only seven members of Congress, members of the House Ways and Means Committee and the Senate Finance Committee, showed up for the ceremony.

"You must be the only members of Congress left in Washington," Kennedy remarked, alluding to the Fourth of July holiday that has shut the Capitol down.

The bill cleared both the House and Senate Thursday with little debate after Senate-House conferences had resolved differences in the various bills passed earlier by both chambers.

Beginning Jan. 1, 4.42 million Americans would draw larger Social Security benefits. Men would be permitted to draw them at 62, instead of waiting until they reach 65. Women already may do so.

If a man chooses to retire at 62, he'll receive for the rest of his life 80 per cent of the benefits he would get if he waited until 65. If he retires sometime between 62 and 65 he will receive a pension proportionately larger than 80 per cent.

The new program is expected to cost \$125 million in its first year. This is to be met by an increase in the payroll tax. Both employer and employee will have to pay one-eighth of 1 per cent more on the first \$4,300 of the employee's annual income. The self-employed will have to increase their Social Security tax by one-fifth of 1 per cent.

Cuban Angered by Embargo

HAVANA (AP)—Government officials up to Prime Minister Fidel Castro appeared angered today by a Florida embargo placed on a shipment of hard destined for Cuba. A government announcement said Castro plans a speech Tuesday on "food supplies and the crude measures taken by (American) imperialism."

The embargo on the shipment to Cuba from Test Palm Beach, Fla., was imposed by a Florida court at the request of Harris and Co., a Miami public relations firm which claims the Cuban Tourist Institute owes it money.

The Communist newspaper Hoy said "this imperialist maneuver forces us to earmark all available hard for hospitals, schools and the food industry."

Cuba is dependent on the United States for most of its hard. Hoy said a plan is under way for producing edible oils and hard in Cuba to replace imports from the United States.

Didn't Tell Until It Was Over

DE WITT, Ark. (AP)—Mrs. Henry Mannis was concerned because a son in Arizona and a daughter in Illinois didn't write home often enough.

She decided to shake them up. "I hadn't wanted to tell you until it was all over with," she wrote, "but they're here—three boys and three girls."

The daughter, Mrs. Maxine Grace of Rockville, Ill., promptly contacted her hometown newspaper wanting to know why there had been no report of her mother's bearing sextuplets.

The son, Charles Mannis of Phoenix, Ariz., a bit more doubtful, wrote that he could hardly believe it because he hadn't read anything in the newspapers. "But if you say so, mom, we'll believe it until we hear otherwise," he said.

Mrs. Mannis, 44, and mother of 14, later talked with the daughter by telephone but didn't divulge the truth. She's saving that for a surprise when Mrs. Grace visits over the Fourth of July holiday.

The sextuplets: They were born all right—to the Mannis' registered rat terrier, Midget.

Mannis, 46, a tenant farmer, said he was quite happy that the sextuplets were puppies and not children.

"It's been pretty hard raising 11 children (three of the Mannis children died)," he said. "Sextuplets would have been six more too many."

Milk Price Hearing Is Slated

MEMPHIS (AP)—A hearing will be held here July 18 by the U.S. Department of Agriculture to check the federal milk pricing pattern in the Memphis area.

Because of the relationship between the Memphis and the central Arkansas milk marketing areas, a second session of the hearing will be held in Little Rock July 20.

Dairy companies here complain they cannot meet the competition from Kentucky firms because the price they must pay Memphis area farmers is higher.

The primary purpose will be an adjustment between bulk milk prices paid in the Memphis area and in the Paducah area.

The price paid Memphis area farmers for milk averages \$5.345 per 100 pounds. In the Paducah area, the average is \$4.958.

Raymond Skinner, president of a dairy here, said the disparity between the two markets has amounted to about 94 cents a hundred pounds in four months of the year—which amounts to about 2 cents a quart.

As a result, said Skinner, milk from the Paducah area has a strong competitive edge over milk bottled and retailed by dairies here.

Any move to lower the Memphis area price for bulk milk will be opposed by the Midsouth Milk Producers Association and by producer organizations in Arkansas, Mississippi and Louisiana.

U. S. Probing Letter Sent to State Guards

LITTLE ROCK (AP)—The investigation into a letter sent to Arkansas National Guardsmen in connection with the recent Arkansas political campaign took only two days. The results must come from the Department of the Army in Washington.

Two officers from the Army Inspector General Department arrived here Wednesday and left Thursday. They would not release the results of their investigation, and they swore their interviews to secrecy.

The investigators were Col. Stanley Sawicki of Fort Monroe, Va., and Col. C. L. Cather of Fort Sam Houston, Tex. They were under the command of Gen. Herbert B. Powell, commanding general of the Continental Army Command at Fort Monroe.

The letter in question was sent by Col. John S. Morris Jr., assistant adjutant general of Arkansas, to National Guardsmen and to all employees of the Arkansas Military Department.

It urged personnel to support Gov. Orval E. Faubus' \$60 million construction bond issue which was defeated at the polls Tuesday.

The letter added that personnel who could not be at their legal voting places Tuesday "will make necessary arrangements to vote absentee in support of this program."

Rep. J. H. Cottrell of Pulaski County said the letter was a command to vote for the bond issue.

He fired off a telegram to the Army Chief of Staff and the National Guard Bureau asking that Morris and his superior, Maj. Gen. Sherman T. Clinger, state adjutant general, be relieved from command pending a complete investigation.

The Army said it could not relieve them from command since they were not under federal authority. But it did institute an investigation into whether federal property or the federal franking (free mail) privilege was misused.

A National Guard spokesman here said results of the investigation would have to come from Washington. Clinger had no comment.

Dismissal Disputed by Arkla

LITTLE ROCK (AP)—Arkansas Louisiana Gas Co., said today its request for a \$1.2 million annual rate increase should not be dismissed on grounds that the company failed to comply with Public Service Commission regulations.

The company asked the PSC to deny a motion for dismissal on those grounds filed by attorneys for a group of cities protesting the rate increase.

Arkla said the additional revenue was not actually a rate increase but an adjustment to eliminate discrimination among the customers it serves.

The company increased its minimum bill from \$1.10 to \$1.80 a month in 52 cities on April 1 while the rate case was pending before the PSC.

Testimony during a series of hearings revealed that customers in some cities already were paying a minimum bill as high as \$1.90.

The next hearing in the case is scheduled for next Wednesday.

Both the PSC and protesting cities have hired rate experts to study Arkla's financial structure to determine if the increase is justified.

Miss Brenda Echols will preside as Queen of the Festival.

Fishing Vessel Finds 2 Bodies

SAN DIEGO, Calif. (AP)—A fishing boat radioed that it found a life raft with two dead persons and a 14-year-old boy alive today about 90 miles southwest of here.

The Coast Guard said the discovery was made by the 40-foot fishing boat Rose Marie out of San Pedro, Calif.

The Coast Guard cutter Alert was dispatched to the scene where a Navy vessel was reported standing by.

The Coast Guard said there had been no reports of any vessel in distress in that area.

There were hopes that radio contact could be re-established about the unidentified two.

Pentagon Leak Under Investigation

WASHINGTON (AP)—The FBI is investigating the leaking of secrets at the Pentagon, the White House says.

News Secretary Pierre Salinger announced the investigation on Thursday night but declined to discuss its nature or what set it off. He said only: "There is an FBI investigation today of leaking of secrets at the Pentagon."

But the Chicago Sun-Times in a dispatch from Washington said President Kennedy ordered the FBI and military intelligence agencies to find out how a national publication got secret information on military plans for Berlin.

The Sun-Times story by Thomas B. Ross said: "Mr. Kennedy was appalled at reading about the Joint Chiefs of Staff's contingency plan for the Berlin crisis in a national publication before it reached him in the White House."

"He immediately directed the FBI and the military intelligence agencies to find out how the highly classified information had leaked to the press."

The Sun-Times added: "The published report on the joint chiefs' contingency plan contained enough accuracy to persuade Mr. Kennedy that it was wilfully disclosed."

U. S. May Add to Forces in European Area

By JOHN M. HIGHTOWER
WASHINGTON (AP)—The United States may increase its military forces in Europe to strengthen NATO defenses in preparation for a possible showdown with the Soviet Union later this year over Red threats to West Berlin.

Such a move is understood to be one of the measures being studied by Kennedy administration policy makers for dealing with the Berlin crisis.

President Kennedy met with the National Security Council for two hours and 40 minutes late Thursday to discuss steps that may be taken.

The White House kept the discussions secret, and the news secretary, Pierre Salinger, declined even to say which officials attended.

It was not disclosed when final decisions may be made and action initiated. It is known, however, that top officials believe some redeployment of U.S. forces may be necessary because of the threat posed by Soviet Premier Khrushchev to the position of the Western powers in West Berlin.

Secretary of State Dean Rusk, speaking in a television interview Thursday night, said one thing which is necessary in the developing crisis is to try to avoid any "miscalculation" by the Soviet Union—of what the Western Allies will do if and when their vital interests are threatened.

Rusk predicted that a number of steps will be taken "aimed at the avoidance of this kind of miscalculation." He did not make any reference to military measures but said there would be "points of clarification, of purpose and procedure and issue."

"The range of possible steps under consideration by the President and his chief advisers, including Rusk and Secretary of Defense Robert S. McNamara, is known to include military measures."

The United States is understood to have been urging its NATO allies to increase their own military strength in Europe so that if a showdown with the Soviet Union develops and a conflict threatens it may be dealt with, at least at the very outset, by nonnuclear means.

Kennedy administration officials were cheered by the recent decision of French President Charles de Gaulle to shift a division of French troops from Algeria back to France.

The United States itself has five divisions in Europe out of its total of 14 now in active service. Altogether, U.S. troop strength in Europe totals 250,000 men, but this includes a large number of service and supply troops.

Rusk stressed in his discussion of the Berlin situation Thursday night that the United States intends "to explore every possibility of working out a tolerable peace that is consistent with the vital interests of our country." He said it is important to avoid running into a "dead end" in dealing with the Soviet Union on the Berlin dispute.

There is no doubt, Rusk said, that there will be discussions between the Western powers and the Soviet Union about Berlin, though he would not predict what form negotiations for a settlement might take. That will be determined in the course of discussion, he indicated.

Khrushchev has proposed to make West Berlin what he calls a "free city" with the withdrawal of U.S., British and French forces

Colony Demands to Be Large

CONWAY, Ark. (AP)—A Nils Florentz, chairman of the board of the Arkansas Children's Colony, predicted Thursday that demands for entrance to the colony will remain large, and the directors voted to actively seek construction funds during a special legislative session this summer. The board also considered hiring a fulltime doctor and considered plans for a chapel to be built by funds solicited by a civic club.

Proposes Plan to Finance Construction

LITTLE ROCK (AP)—Saline County Rep. Virgil Fletcher said today he will propose to a special legislative session a plan which will produce more than \$30 million for immediate emergency construction at state institutions.

Fletcher discussed his proposal with Gov. Orval E. Faubus Thursday. He said the governor neither approved nor disapproved.

Fletcher proposes to delay budget increases granted by the 1961 Legislature for one year, saving \$13.5 million. He would put this with current surplus and reserves of \$20 million and about \$2 million in increased use and race taxes to create a construction fund.

Both Faubus and Fletcher criticized proposals from other sources for long-range studies of state construction needs.

"We don't need another study," Fletcher said. "What we need now is a plan for financing as many of these needs as possible. While \$30 million won't give these institutions everything they want, it will go a long way toward meeting their immediate needs."

Faubus added, "The time for study is ended. The time to do something about it is here."

Fletcher supported Faubus' \$60 million construction bond proposal, defeated in Tuesday's special election, but he said all along he favored a pay-as-you-go construction program.

Release of Red Official Is Ordered

WASHINGTON (AP)—President Kennedy today ordered the release from prison of Henry Winston, former organizational secretary of the Communist Party, U.S.A.

The Justice Department explained that Kennedy commuted Winston's sentence to the time he has served, because Winston is blind and faces possible surgery for a brain tumor.

Winston is one of 11 top Communists convicted in 1949 of conspiracy to teach and advocate forcible overthrow of the government.

He went into hiding and failed to surrender in 1951 to begin a five-year sentence imposed on him. After he finally surrendered March 5, 1956, he was given an additional three-year term for contempt because of his flight.

The Justice Department said he would have completed serving his sentence, with credit for good behavior, on Jan. 4, 1962.

Conditional Agreement in Ship Strike

NEW YORK (AP)—A "conditional" agreement between the National Maritime Union and two shipping groups was announced today by David L. Cole, chairman of President Kennedy's fact-finding board.

The employers groups are the American Merchant Marine Institute and the Tanker Labor Service Committee. Cole said the condition was that the agreement does not become a contract until agreements also are reached with two other unions.

The fact-finding board concluded public hearings earlier today. At the final session, Cole asked all parties in the dispute to hold themselves available until Sunday night for further efforts to end the tieup.

Cole said some items remained to be settled in the contract dispute between the NMU and the American Merchant Marine Institute, the major industry negotiating group. "But I am not concerned," he added.

Some employer sources said they were certain that agreement between the NMU and the Institute would pave the way for quick general agreement between the ship companies and the other striking unions.

According to one unofficial report, a major segment of the industry has agreed tentatively on a 15 per cent increase in wages and benefits. The tentative terms were reported also to include a plan to leave the issue of American-owned ships flying foreign flags—the so-called "runaway ships"—for a study by the federal government.

Mays' Hot Bat Keeps Giants in 2nd Place

By ED WILKS
Associated Press Sports Writer

Willie Mays' hot bat carried San Francisco to a two-night doubleheader sweep at Philadelphia Thursday night as the Giants returned to second place in the national League race by winning 8-7 in 10 innings, and 4-1.

Willie hit three homers in the opener, putting it away with the 29th of his career, and added a triple and a double in the nightcap.

That put the Giants in second place by .002 percentage points over the Los Angeles Dodgers, who lost 4-2 at Pittsburgh. It also put the Giants within 2 1/2 games of first place Cincinnati, after the Reds dropped their third in a row, 15-8, to the Chicago Cubs in the only other NL game scheduled.

In the American League, Detroit beat the Chicago White Sox again, 5-2, for a two-game lead over idle New York. Washington defeated Cleveland 5-0. Baltimore won 6-2 at Kansas City and Boston rapped Minnesota 9-5.

Mays upped his batting average 13 points to .331 in the sweep and drove in five runs with his three homers in the opener. His first two, both two-run shots, were off reliever Dallas Green and gave the Giants a 4-4 tie after three innings. He won it with his 20th home run of the season, off Frank Sullivan (3-8).

In the second game, Mays tripled home the Giants' first run as they scored three in the fourth inning off loser Art Mahaffey (7-8). Billy Loes (5-5), knocked out as a reliever in the opener,

Detroit Hands White Sox a 5-2 Defeat

By ED WILKS
Associated Press Sports Writer

The Baltimore Orioles won their fifth in a row by beating Kansas City 6-2 behind the two-hit pitching of Dick Hall Thursday night. It was the eighth victory in nine games for fourth place Birds, who open a three-game set against the American League leading Detroit Tigers tonight.

Detroit handed the Chicago White Sox a second straight loss, 5-2, for a two-game bulge over the idle New York Yankees. Third place Cleveland dropped six games behind with a 3-1 loss to Washington, the Indians' 10th defeat in 12 games. Boston beat Minnesota 9-5.

In the National League, Cincinnati retained a 2 1/2 game lead although the Reds lost their third in a row to the Chicago Cubs, 5-2. San Francisco took two at Philadelphia, 8-7 in 10 innings and 4-1, and moved past Los Angeles into second place when the Dodgers lost 4-2 at Pittsburgh. Milwaukee and St. Louis were idle.

The Orioles came from behind against Lew Krausse (1-2), the \$125,000 right-hander who gave up eight hits and five earned runs in 5 1/3 innings. A single by Jim Gentile and an error tied it 2-2 in the fifth inning, and Baltimore then broke it up with a four-run sixth triggered by Russ Snyder's two-run triple.

Frank Lary won his 11th for the Tigers, out-dueling Cal McLish (4-7) in 93-degree heat at Detroit. A two-run triple by rookie Dick McAuliffe, off reliever Turk Lown, broke a 2-2 tie when Detroit scored three in the seventh. Billy Bruton, who hit a two-run homer in the third, brought in the final run with a sacrifice fly. Floyd Robinson homered for the Sox.

Washington clipped Cleveland on home runs by Billy Klaus and Marty Keough behind the six-hit pitching of winner Johnny Gabel (3-2) and reliever Dave Sisler. Wynn Hawkins (5-7) was the loser for the Indians, who scored in the seventh inning on two errors.

Frank Malzone hit a pair of home runs for the Red Sox, one a three-run shot that clinched it as they came from behind with six runs in the fifth inning off Bert Cueto (6-3). Arnie Easley, re-

"HOW COME A CAR THAT RIDES LIKE THIS ONE DOESN'T COST MORE?"

A good question—and we could spend this whole page answering! But what it all boils down to is this: It just stands to reason you're going to get more for your money when you put it on the car more people are buying... and that car is the Jet-smooth Chevrolet.

Best way to settle any further questions about Chevy's ride is to settle behind the wheel and try it. Full Coil suspension and over 700 other gentle persuaders throughout the body and chassis will go to work cushioning, insulating, smoothing, soothing and pampering. Only JET-SMOOTH CHEVY

The Sun-Times dispatch did not identify the national publication but it apparently was a reference to a Newsweek magazine edition which went on sale Monday.

Newsweek said the Joint Chiefs of Staff would present to Kennedy this week a plan for action in the Berlin situation, calling for a "show of strength" in an attempt to convince the Soviet Union that the United States does not intend to retreat from Berlin.

Newsweek reported the United States is prepared to back its commitments to West Berlin "even at the risk of nuclear war."

Contract Let

Office Likes Photo, Pine Bluff Mrs. William C. Andrews

Miss Judy Coker, daughter of Mr. and Mrs. Leon Coker of Pine Bluff became the bride of Lt. William C. Andrews, son of Mr. and Mrs. Sam Andrews of Hope in Wheeler Chapel of the First Methodist Church of Pine Bluff on Tuesday evening, June 27 at 7:30 p.m.

The double ring ceremony was performed by the Rev. Edward Harris in front of an arch covered with greenery on each side with white gladioli and spiral candelabras.

The candles were lighted by ushers, Randle Coker, brother of the bride and Allen Mitchell of Marianna, Ark. Ralph Hays of Arkadelphia was organist and Miss Annette Reeves of Malvern was vocalist.

The bride, given in marriage by her father, wore a traditional wedding gown of silk-faced delustered satin with a dropped waist, bouffant belled skirt with a wide straight center front panel adorned with an overlay of clipped chantilly lace, long satin sleeves, and wide scalloped neckline with overlay lace tapering to a V at the center front. The skirt was draped to the back with a cascade bustle folder in a court train. Her headress was a half queen's crown of seed pearls and orange blossoms with a fingertip veil of illusion. She carried a cascade bouquet of white orchids and stephanotis.

The maid of honor and only attendant was Miss Glynda Allison of Little Rock. She wore a shell pink organza street length dress with matching hat. She carried a

and the establishment of some kind of international guarantee. The Western powers have rejected this proposal repeatedly on the ground it would lead to domination of West Berlin by Communist East Germany.

In recent weeks Khrushchev has threatened to sign a peace treaty with East Germany by the end of this year. He claims this would wipe out the rights of the Western powers with respect to Berlin, including access to the city across East German territory.

Rusk said the Western powers are in Berlin "by right, not by sufferance."

"We have obligations to ourselves and to the people of West Berlin," Rusk said in a transcribed discussion (CBS—At The Source), "and we do not accept the notion that those rights can be terminated, or that the security of the people of that city can be endangered by the unilateral action taken by someone else."

As to how the crisis will develop, Rusk thought that Khrushchev might try to whittle down the rights of the Western powers in slow stages instead of presenting them with an open challenge as dramatic as a forcible interruption of their land or air traffic between West Germany and Berlin.

Consultations are now going on intensively between the United States, Britain, France and West Germany and between them and the other members of the 15-nation North Atlantic alliance on preparatory measures which should be taken in the next few months.

The East Germans issued a decree Wednesday after Aug. 1 airplanes flying across its territory must register with East German authorities. The decree did not specifically mention planes using the air corridors to Berlin, but U.S. officials thought the Reds might later seek to interpret it to apply to corridor flights.

The State Department bluntly denied the right of the East German regime to impose any regulations on allied air traffic using the corridors.

of Little Rock, drowned in Ida Cason Calaway Gardens' Robin Lake. His body was found floating in deep water off the east shore of the lake where he had been swimming. The family was at the gardens for an afternoon outing.

DOROTHY DIX

Is Marriage For Her?

By HELEN WORDEN ERSKINE

Dear Helen: I'm glad there's someone like you to turn to. I've thought of adhering to a religious life but my parents prefer that I marry. So, at 21, I am engaged to a man of 31.

By nature I'm quiet, never go to dances, rarely to a movie and until now, have turned down all the boys who wanted to date me. There was one who used to escort me to church. We exchanged Christmas and Easter cards then I terminated our friendship. Now I'm sorry I didn't give myself the chance to know him better. Do you think I made the right decision in accepting this 31-year-old man? Perhaps his deep love will awaken in me the love I never wanted to find. Please print your reaction to this, —L.

Dear L.: The very fact that you raise the question makes me wonder whether or not this 31-year-old man is your destiny. Be sure you are ready for marriage before you take the final step. On the basis of what you say in your letter, a cloistered life could be

Miss Jimmie Ann Cole

Announcement is made today of the engagement of Miss Jimmie Ann Cole, daughter of Mr. and Mrs. Jewell Cole of Hope to James Carl Gilbert, son of Mr. and Mrs. Ansley Gilbert also of Hope.

The bride was graduated from Hope High School where she was an honor graduate and valedictorian of the class. She attended LSU in Baton Rouge where she was a member of Phi Mu Sorority. At present she attends the U of A and will be a senior in the college of education.

Mr. Gilbert is also a graduate of Hope High School. He attends the U of A where he is a senior pre-dental student. He is affiliated with Sigma Chi Fraternity. The wedding will be an event of August 24 at the First Methodist Church in Hope.

Dear Sensative: Those who boast rarely have anything to boast about. It's the silent ones who bear watching. Be glad your husband takes it out in talk. It's a way some males have of building
